Newport Planning Application NP08/361: Bettws Newydd

To: Pembrokeshire Coastal National Park Authority
(This will be sent to both the Chairman of the Development Management Committee and the Chief Executive).

We the undersigned find that the new dwelling, Bettws Newydd, already constructed at Newport Parrog, is visually much more intrusive than the previous dwelling and is a blot on such a special landscape.

We therefore request that the PCNPA

a) refuses retrospective consent for application 08/361, and
b) gives serious consideration to revoking the 2006 planning consent, requiring instead, a replacement development which complies with Development Plan policies.
