

Bettws Newydd

Picture of Bettws Newydd (centre) taken from the beach.

A new application has been made to keep this building. No changes to the building are proposed, merely a few landscaping changes. Permission for a retrospective application was refused by the Planning Committee last June by a majority of 12 to 2, but now the developer is hoping a new application will succeed.

Apparently the Officers, once again, intend to support this.

Please help us oppose this new application.

Write to the National Park opposing Application NP033/10 before 25th February 2010.

More details are on our web site at <http://parrog.org.uk>
